Online Education

1. Does all programs/courses were completed on time.	Yes
--	-----

2. Measures taken to complete the syllabus of courses and programs.		During “Pandemic Situation”, all the classes were conducted through online platform regularly following departmental time table. Necessary instructions, guidelines and lecture plans etc., are provided alongside clarifying how the course being structured with sharing Syllabus and course material with the students prior to their online classes. Before the commencement of each class discussion regarding the importance of the topic, its practical applications and prerequisite of the topic are discussed. Apart from regular lectures taken through online platform, PPT, videos of various topics were illustrated to the students. Video lectures are captured where smart boards are used as teaching platform. These alongwith other teaching materials are uploaded in the institute website so that students can access 24x7. This ensures flexibility of study. E-notes were also distributed to the students for their better understanding regarding the subjects. Keeping in mind that not all students are self-motivated, sometimes faculty members engaged a range of students and ensured them to understand that engagement is important and required. Faculty members conducted quizzes, online test and tutorial classes. This way we involved students with the study material for making the class more interactive. A common challenge in online learning environments is that students can be distracted more easily. So, we tried to interact with them individually at least every fifteen minutes. Doubt clearing sessions were conducted frequently, where students use to send their queries to the faculty members through Whatsapp platform. Faculty members after going through their queries, has responded them promptly. Various numerical problems related to the subjects were solved in the class and some practice problems are given to the students. Although specific number of classes are mentioned in the syllabus for each subject, extra classes are taken for better understanding of the students. After completion of each lecture session, questions related to the competitive examinations of national repate were discussed and solved. Extra classes are frequently taken to mitigate the topics which are beyond the syllabus during Saturdays and Sundays. Submission of assignment in each module by every student are treated compulsory also. Laboratories are conducted through virtual mode. The faculty and technical assistants through real time online video session have conducted the lab and performed demonstration of the equipment/machineries. Some experiments which are physically conducted are also demonstrated live. Some experiments are performed through virtual lab. Lab assignments are collected from the students after completion of each lab in the assignment sheets. In the same manner class test are conducted to evaluate the progress of the students from time to time. Evaluation of students for the Even Semester of A.Y. 2020-21 was done as per the UGC and concerned University guideline.	
3. The period of delay in completion of syllabus (in months).		0	
4. The period of delay in conducting exams (in months).		0
