ABOUT THE INSTITUTE

Haldia Institute of Technology (An Autonomous Institute of ICARE, Haldia; approved by AICTE; affiliated to MAKAUT, Kolkata) began its journey in the year 1996. It is the first private and accredited academic institution catering technical education in West Bengal. The Institute is situated at Haldia – an industrial hub in Eastern India. Since inception, Haldia Institute of Technology is dedicated to the objectives of creating highly trained professional manpower in various disciplines of Engineering, Technology and Social Science. The Institute is also dedicated to the contribution of higher scientific research in Technology as well as in Applied Science and Social Science.

OBJECTIVE OF THE FDP

To catch up with the first pace of teaching and technology innovations, attending FDPs for knowledge sharing is a must for engineering faculties and researchers. This FDP aims to provide a platform for eminent academicians, technologists and young researchers to exchange their ideas on the latest developments, future trends and research methodologies in the field of IoT, IIoT and IoT Enabled Wireless Communication. The Eminent academicians and researchers and domain-experts will share their research experience and knowledge with the participants. This FDP will also provide a platform for collaborations between Academia, R & D sectors and Industries.
