

World Food Day 2022

AFST(I) Haldia Chapter & Department of Food Technology, Haldia Institute of Technology has celebrated '**World Food Day 2022**' during **October 19, 2022** with the FAO theme "**Leave No One Behind**" and conference theme entitled "**Food Security, Safety & Sustainability: Complementing 3S for a Healthier World**" in collaboration with **CII-FACE** and **Indian Institute of Packaging, Kolkata**.

The United Nations sustainable development goals include eradication of hunger. To feed 10 billion people by 2050, we need to get the trade-offs right between sustainability, food security, food safety, and make better use of food already produced. This conference shall emphasize on triple goals of sustainability, food security, and safety looking at these strategies for reducing food losses and waste and resource footprints. Intensification of food production and circular food economy could be parts of these solutions to future food security.

Event Information:

Participant's type: Professionals from Food Industries & Biochemical Industries, UG/PG students/Research Scholars of Food Technology, Microbiology, Biotechnology, Academicians from research organizations and Institutions
